Young. The nature of the report will not be made public. It is the impression that blds were made for the bonds and that these blds were submitted to the directors. The question now to be decided is as to whether any one of these blds will be accepted. The directors will meet again in a day or two and pass upon this question.

It is an open secret that the company has in view radical improvements in the entire system and the proceeds of these bonds are to be utilized in working out these improvements. One of the big improvements in view is the substitution of heavy steel rails on all the main lines if the system not now equipped in that way. Better rolling stock is to be supplied also to take the place of many of the antiquated cars now used on some of the less important lines.

MAN OAN SOARCELY WALK. After Six Months of Suffering Mr. Hoar is Completely Cured by Dr. Williams'
Pink Pills for Pale People.

"People can cure themselves of a good many common ailments at a very small cost if they go about it the right way," said Mr. Hoar, recently. "For instance, I have just cured myself of a very painful disease. I might have begun to treat it sooner, that's all the mistake I made the difficulty and I picked out the right

remedy without the aid of a doctor. "It was really all in my blood. I first felt a twinge in my left foot and ankle in the middle of last January, following exposure to cold. I realized I had rheumatism and I knew that really comes from bad blood. Cold simply develops and clammy even in hot weather, and numb a great part of the time. I concluded that my blood was thin and poor and the circulation sluggish.

"After a time my feet and ankles swelled so badly that I could only tie

vinced that they were just the remedy for my case, and so it proved. I could see that they were benefiting me before I had quite used up the first box. The improvement was decidedly marked after I had taken two boxes. Three more boxes restored my hands and feet and legs to natural size and feeling and then I stopped taking medicine and have since been perfectly well."

Mr. F. Le Roy Hoar lives at No. 132 Constitution street, Bristol. R. I. Any one can readily tell for himself when his blood is thin, by the pallor of his skin, the bloodlessness of the lips and gums particularly, and he can be certain that his blood is impure when the limbs swell and rheumatic aches are felt. Any one can get convincing evidence that Dr. Williams' Pink Pills have cured anæmia, rheumatism, erysipelas and other serious diseases of the blood by simply writing to the Dr. Williams Medicine Co., Schenectady, N.Y. Every druggist sells these famous pills.
